

You are invited to view our stunning photography portfolio. Allow us to take care of all your visual memories for all special events, a special anniversary, home movies and family photos. We can provide anything from photography to wedding albums and storybook albums. We operate mainly in the following areas: Deland, Winelands and Cape Town areas. This includes Somerset West, Gordon's Bay, Stellenbosch, Strand, Paarl, Franschoek, Bellville & Durbanville.

Canvas Prints

We can have a canvas made of any high resolution digital photograph.

Our supplier uses top quality canvas imported from Germany. This results in a vibrantly coloured and super-sharp print which is fade resistant and lasts up to 200 years. We follow strict fine art printing protocols to ensure that the quality we provide for our clients is consistently exceptional. Canvases are ready to hang on your wall.

Different frame depths and wrap options available.

Canvas care:

Keep out of direct sunlight. If placed outdoors the lifespan can be significantly reduced. To clean, dust your canvas gently with a feather duster. Do not wipe with a damp cloth or sponge, and do not splash with water or any other liquid, doing so can damage your print. Failure to adhere to these care guidelines can result in the life of your print being reduced.

Prices:

Prices range from R250 for an A4 size canvas to R1300 for a A0 size. Square sizes and tryptich (3 split panels) also available.
